Web Programming, Midterm Exam, Fall 2018

Due: Nov 14, 2018, 5 p.m.

Problem 1: HTML and CSS (50 points)

Please see p1/requirements.pdf and p1/screenshot.png for details. You are to modify the index.html and the style.css to satisfy the requirements.

Problem 2: Javascript (50 points)

You are to implement a Rock-Paper-Scissors game using Javascript. Please put your code in the script.js. You may make changes to the index.html and style.css when necessary. The requirements are:

1. Every time we click on one of the three choices (rock, paper, scissors), display the respective image (20 points).
2. After our turn, the computer picks its choice and displays it (10 points).
3. Declare a winner (20 points).

Submission

Please zip your source code as your_id.zip and submit it to the elearning system at http://elearning.nuk.edu.tw
